COMPLIANCE

Individuals with a valid concealed carry permit who want to enter areas of the College where firearms are restricted must first secure their weapon in their privately owned vehicle in accordance with the Business Liability Protection Act, W. Va. Code § 61-7-14, (which permits employees, students, and visitors to keep a gun securely "locked inside" or "locked to" a privately owned vehicle in a manner that is "out of view," while the vehicle is otherwise lawfully on College property and parked in a College parking lot.

College employees, while on College property or elsewhere, acting in the capacity of a College employee, are not to engage with any person to try to ascertain if that person holds a valid concealed carry license, is carrying a concealed firearm, or is otherwise exercising the rights provided for in the Campus Self-Defense Act.

The Campus Self-Defense Act and the Business Liability Protection Act do not allow for weapons to be carried openly, stored in a vehicle in a visible or unlocked manner or brandished. If you think a person is carrying or storing a firearm in a manner that is outside the protection of the law, but you do not believe yourself or others to be in danger, you should not call 911. Instead, contact Campus Security and describe the concern to them. For your safety, do not confront or communicate with the individual you suspect of carrying or storing a firearm in a non-compliant manner.

If you see someone besides Campus Security or other authorized official as listed above openly carrying or brandishing a deadly weapon or dangerous object, or if you feel in danger at any time, call 911 or Campus Security. Campus Security is available at 304-650-9994 during the day and 304-650-9996 in the evening.
